Hands-On
GTD-5 Centrex (Database)

BTS
Real-World Experience

Course Description

Emphasizes business features such as those used in hunt groups, BRI lines, and for digital, PRI and SS7 trunk groups used to connect to PBX or other switch devices.

Also teaches different types and features in business groups, including intra- and inter-group calling, and automatic route selection based on time-of-day, preferred carriers, etc.

Special topics like E911, E800, and other special circuits are also discussed as needed.

Notes

This course requires access to customer GTD-5 Switch or Switches for Non-Intrusive training.

Delivery Method

Instructor-Led with numerous labs and exercises.

Equipment Requirements
(This apply's to our hands-on courses only)

This course requires access to customer GTD-5 Switch or Switches for Non-Intrusive training.

BTS always provides equipment to have a very successful Hands-On course. BTS also encourages all attendees to bring their own equipment to the course. This will provide attendees the opportunity to incorporate their own gear into the labs and gain valuable training using their specific equipment.

Course Length

4 Days
